EDUCATION

Queens College   **Queens, NY**
BA in Computer Science(GPA: 3.34)   *Graduation Date: June 02, 2022*
- Organizations/Awards: Honors Program, Seek Program

WORK EXPERIENCE

Practice Makes Perfect   **Queens, NY**
Teacher Assistance(Mentoring)   *07/2017 - 08/2017*
- Provided lesson plan to advance 4th graders' knowledge in Coding, Math, and English. Increase the student interest in coding by 20% with the app scratch.
- Used verbal communication to collaborate with coworkers and teachers to create a friendly environment.
- Worked in a diverse environment to develop excel spreadsheets to calculate student attendance and measure the program's impact on students.

Verizon Innovation Challenge   *10/2017 - 06/2018*
- Worked in a team to create an online application for the Student Success Center using HTML, CSS, and Javascript.
- Engaged in the team that addressed the client's needs and proposed different templates to evaluate a functional website.

PROJECT EXPERIENCE

Recipe   *(Personal)*
- Developed an application using JavaFX, Java, and SQL to allow users to create and share recipes.
- Used Postgres to create databases to store recipes and user information, including their favorite recipe. Also used a screen builder to implement a virtual layout of the application.

Airline Reservation   11/2021 - 12/2021
- Created an online system to purchase airline tickets using Java; Used design patterns such as builder design pattern, visitor design pattern, and factory design pattern.
- Designed a schedule for each task and helped the team member adapt to changes, such as withdrawn students. Created regular meetings to keep everyone updated and helped the team with any difficulties.

Events

Scripted Hackathon 1   *12/2016*
- Guided the team members in executing a website that addresses the prompt "Code for Change." Developed a website that allowed people to communicate with each other about their problems. Used google map to allow communication within their location.
- Influence the team's performance through feedback and communication. Rank #3 out of 20 teams.

Deutsche Bank   *10/2019*
- Attended a career fair at Deutsche Bank and had the opportunity to meet students from different colleges, including Columbia and NYU. Communicate, receive and understand information about the company, interviews, and employees.

SKILLS & INTERESTS

Skills:
- Expose to JavaScript, Python, HTML, CSS, C++, GCP(class), Kubernetes(class)
- Proficient in Java, JavaFX, SQL, Postgres

Objective: I am an ambitious person who wants to work for an organization where I will be continually challenged and pushed in my role. I am dedicated and committed to the work I do. My curious mind forces me to learn new languages and software. I'm looking for a company to add value to, where I could contribute my knowledge in programming, and where I could join a strong team.
